Hands On Java
Gradle, Repositories, & Nexus

Date: June 27, 2012
Presenters: Stephen Davidson & Dan Kern-Ekins

Agenda

- Gradle Tutorial Review

- Dependency Management

- Maven/Gradle Conversion

- Dependency Managers & Repositories (Nexus)

Gradle Tutorial Review

- Gradle 1.0 was released June 12
- Setting up a project
- Linking in Eclipse

Setting up a Project

- Project Templates
  - currently a "For future release"
  - Workarounds available
    - see cookbook
    - see template
- Create Project & directories, name project/module

Linking in Eclipse

- Demo

Dependency Management

- List repository(s) in dependency management section
    - Maven Central
    - Internal
    - Others (JBoss?)

Maven/Gradle Conversion

- Tools on the "Roadmap" to be developed

- Currently a manual process

  – Not difficult, but definitaly

Dependency Managers & Repositories (Nexus)

- Dan?
